## Responses

- Question 1 In the special Provision for item number 608029 (pages 34 and 35), the size of the stone plaza paving were specified as 12"x 12" x 1.5" and 18" x 18" x 1.5" respectively. On page 82 of the Landscape drawing plans, there is no 18" x 18" x 1.5" stone shown, but rather a 16" x16"x 1.5" stone paving. Is this just a typographical error? Which size of stone should be used in the plaza?
- **Response 1** Provide stone size per specifications. The stone sizes 12"x 12" x 1.5" as well as 18" x 18" x 1.5" should be used.
- Question 2 Will DDOT replace the drawings for the site furnishings (Bike, Racks, Litter Receptacles, and benches)? The specifications indicated in the Special Provisions do not correspond to the Site Furnishing Drawings on page 84 of the drawing plans.
- Response 2 Site Furnishing Details 1 on page 84 of the Drawings correspond with Specification. Install as indicated.
- Question 3 Capitol Paving has been searching for an 8" Caliper of Cladrastis Lutea (Yellow Wood), which is specified in the bid specification, but have yet to find this size Caliper tree. The size of the existing tree on K St. & 5<sup>th</sup> St. is a Caliper between 2"-4". We are requesting your consideration and approval to use this same size tree instead of the proposed 8" Caliper? If you prefer not to use a 2"-4" Caliper, is there another tree type, with the same dimensions (2"-4"), that can be substituted for the Caliper?
- Response 3 Replace the 8" Caliper tree with a 2 ½" to 4" Caliper Cladrastis Lutea (Yellow Wood).
